

RAVINE COLLECTION

The Ravine Collection came to fruition via an OKHA interiors project, reflecting our intimate, tailored approach where unique works are shaped by project narratives.

OKHA STUDIO

INDEX

- 3. RAVINE DRINKS CABINET
- 4. LAGO CONSOLE
- 5. TANGO DINING TABLE

RAVINE DRINKS CABINET

A wall mounted cabinet. Bold lines, pure geometry, working with scale and textural details. The RAVINE CABINET confidently holds space, elegantly providing storage, function and display.

LAGO CONSOLE

Continuing the principles of the RAVINE CABINET, the LAGO CONSOLE is an elegantly proportioned and detailed entrance and dining server. Paying attention to surface texture details and blending shaped marble and oak timber, the console's soft geometry is classic and modern.

TANGO DINING TABLE

Soft geometry prevails with the TANGO dining table, both in the shaping of the table legs, horizontal support beam and the textured ceramic table inlays. Finessed proportions and a balancing of materials are the signature of TANGO.

RAVINE Drinks Cabinet

DESIGN BY OKHA

Base

Natural Oak Veneer Carbon Oak Veneer Dark Java Oak Veneer Mocca Oak Veneer

Inlay

Bronze Tint Mirror Grey Tint Mirror Clear Mirror

Electrical Specification for integrated LED to be supplied to OKHA prior to order.
Not UL Listed. Excludes installation.

Dimensions (mm)
850W x 455D x 1400H

Dimensions (inches)
33.5W x 17.9D x 55.1H

Exterior

Natural Ash Chalked Ash Carbon Ash Dark Java Ash Mocca Ash Natural Oak Carbon Oak Natural Walnut

Inlay

Nero Marquina Carrara Calcatta Travertine

Dimensions (mm)
1800W x 415D x 857H

Dimensions (inches)
70.9W x 16.3D x 33.7H

Different textures, grains, colouration and densities are all natural characteristics of timbers. We find these variances an inherent and valuable part of the natural beauty of wood, no two pieces are the same making each OKHA design a unique, characterful piece and each product will be different from the next. Timber movement will also occur as this is a natural product.
STONE: Marble is a beautiful natural material with inherent imperfections in its structure, veining and coloration. As such, some slabs may be reinforced with meshing on the underside and may have colour matched resin fills in minor cracks and surface blemishes. Please note that this is standard practice.
METAL: All metals will go through a process of natural aging and oxidization due to environmental conditions. The result of this aging process will bring about colour change, to slow and reduce this natural process, appropriate cleaning and maintenance products can be used.
